A PARENTS EXAMPLE

Did you know that kids learn by example? If you were not aware kids watch their parents everyday and repeat them when they grow older but also in the here and now. When kids are brought to church they see the importance of church because their parents have made it a priority to go to church and not miss. Kids who see their parents worship, pray, study God's Word, and more see how important it is to seek God and make him a priority in their own lives. My challenge is for parents to make God a priority to your kids! You are the BEST example they will have outside of church.
